DOCUMENT 1-369/83

MOTION FOR A RESOLUTION

tabled by Mr KYRKOS

pursuant to Rule 47 of the Rules of Procedure

on financing the employment of unemployed

agronomists by agricultural cooperatives and

cooperative unions, in the context of the

Integrated Mediterranean Programme for Greece

PE 84.921

The European Parliament,

- A. having regard to the low level of development of Greek agriculture,
 - B. having regard to the unsatisfactory level of development of agricultural cooperatives in Greece,
 - C. whereas one of the reasons for the low level of development of Greek agriculture is the unsatisfactory level of provision of scientific know-how to Greek farmers,
 - D. acknowledging that in countries with a low level of development it is, from a practical point of view, impossible for farms to use new techniques and further research,
 - E. noting that at the level of development reached by Greek agriculture research findings can chiefly be used by agricultural cooperatives,
 - F. noting that, with appropriate assistance, cooperative organizations of Greek farmers could contribute to the development of Greek agriculture,
 - G. whereas, as was recently noted at the Second Farmers' Conference of Greek Communist Party (of the Interior) Cadres held in Larisa on 23 and 24 April 1983 to consider the impact on the agricultural sector of Greece's joining the EEC, there are at this moment 2,000 unemployed agronomists in Greece,
1. Calls on the Commission to finance the employment of the unemployed agronomists by the agricultural cooperatives and cooperative unions, in the context of the Integrated Mediterranean Programme for Greece, for the whole period of implementation of the programmes, with a view to their subsequent absorption into the agricultural cooperatives and agricultural cooperative unions;
 2. Instructs its President to forward this motion for a resolution to the Commission and the Council of Ministers.
